PROHIBITION OF HARASSMENT, INTIMIDATION AND BULLYING

Informal Complaint Process: Anyone may use informal procedures to report and resolve complaints of harassment, intimidation or bullying. At the building level, programs may be established for receiving anonymous complaints. Such complaints must be appropriately investigated and handled consistent with due process requirements. Informal reports may be made to any staff member, although staff shall always inform complainants of their right to, and the process for, filing a formal complaint. Staff shall also direct potential complainants to an appropriate staff member who can explain the informal and formal complaint processes and what a complainant can expect. Staff shall also inform an appropriate supervisor or designated staff person when they receive complaints of harassment, intimidation or bullying, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

Informal remedies include an opportunity for the complainant to explain to the alleged perpetrator that the conduct is unwelcome, disruptive or inappropriate, either in writing or face-to-face; a statement from a staff member to the alleged perpetrator that the alleged conduct is not appropriate and could lead to discipline if proven or repeated; or a general public statement from an administrator in a building reviewing the district harassment, intimidation and bullying policy without identifying the complainant. Informal complaints may become formal complaints at the request of the complainant, parent, guardian or because the district believes the complaint needs to be more thoroughly investigated.

Formal Complaint Process: Anyone may initiate a formal complaint of harassment, intimidation or bullying, even if the informal complaint process is being utilized. Complainants should not be promised confidentiality at the onset of an investigation. It cannot be predicted what will be discovered or what kind of hearings may result. Efforts should be made to increase the confidence and trust of the person making the complaint. The district will fully implement the anti-retaliation provisions of this policy to protect complainant(s) and witness(es). Student complainants and witnesses may have a parent or trusted adult with them, if requested, during any district-initiated investigatory activities. The superintendent or designated compliance officer (hereinafter referred to as the compliance officer) may conclude that the district needs to conduct an investigation based on information in their possession regardless of the complainant's interest in filing a formal complaint. The following process shall be followed:

- A. All formal complaints shall be in writing. Formal complaints shall set forth the specific acts, conditions or circumstances alleged to have occurred that may constitute harassment, intimidation or bullying. The compliance officer may draft the complaint based on the report of the complainant, for the complainant to review and sign.
- B. Regardless of the complainant's interest in filing a formal complaint, the compliance officer may conclude that the district needs to draft a formal complaint based upon the information in the officer's possession.
- C. The compliance officer shall investigate all formal, written complaints of harassment, intimidation or bullying, and other information in the compliance officer's possession that the officer believes requires further investigation.
- D. When the investigation is completed the compliance officer shall compile a full written report of the complaint and the results of the investigation. If the matter has not been resolved to the complainant's satisfaction, the superintendent shall take further action on the report.
- E. The superintendent or designee, who is not the compliance officer, shall respond in writing to the complainant and the accused within thirty days stating:
 1. That the district intends to take corrective action; or
 2. That the investigation is incomplete to date and will be continuing; or
 3. That the district does not have adequate evidence to conclude that bullying, harassment or intimidation occurred.

- F. Corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty days after the superintendent's written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded.
- G. If a student remains aggrieved by the superintendent's response, the student may pursue the complaint as one of discrimination pursuant to Policy 3210, Nondiscrimination, or a complaint pursuant to Policy 4220, Complaints Concerning Staff or Programs.

A fixed component of all district orientation sessions for employees, students and regular volunteers shall introduce the elements of this policy. Staff will be provided information on recognizing and preventing harassment, intimidation or bullying. Staff shall be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure. Certificated or professionally licensed staff shall be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of harassment, intimidation or bullying. Classified employees and regular volunteers shall get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of harassment, intimidation and bullying, and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents. Parents shall be provided with copies of this policy and procedure and appropriate materials on the recognition and prevention of harassment, intimidation and bullying including electronically transmitted messages or images.

CHILD ABUSE, NEGLECT AND EXPLOITATION PREVENTION

Child abuse, neglect and exploitation are violations of children's human rights and an obstacle to their educational development. The board directs that staff shall be alert for any evidence of such abuse, neglect or exploitation. For purposes of this policy, "child abuse, neglect or exploitation" shall mean:

- H. Inflicting physical injury on a child by other than accidental means, causing death, disfigurement, skin bruising, impairment of physical or emotional health, or loss or impairment of any bodily function.
- I. Creating a substantial risk of physical harm to a child's bodily functioning.
- J. Committing or allowing to be committed any sexual offense against a child as defined in the criminal code, or intentionally touching, either directly or through the clothing, the genitals, anus or breasts of a child for other than hygiene, child care or health care purposes.
- K. Committing acts which are cruel or inhumane regardless of observable injury. Such acts may include, but are not limited to, instances of extreme discipline demonstrating a disregard of a child's pain or mental suffering.
- L. Assaulting or criminally mistreating a child as defined by the criminal code.
- M. Failing to provide food, shelter, clothing, supervision or health care necessary to a child's health or safety.
- N. Engaging in actions or omissions resulting in injury to, or creating a substantial risk to the physical or mental health or development of a child.
- O. Failing to take reasonable steps to prevent the occurrence of the preceding actions.

Child abuse can include abuse by another minor and so may be included in incidents of student misconduct.

When feasible, the district will provide community education programs for prospective parents, foster parents and adoptive parents on parenting skills and on the problems of child abuse and methods to avoid child abuse situations. The district shall also encourage staff to participate in in-service programs that deal with the issues surrounding child abuse.

The superintendent shall develop reporting procedures, including sample indicators of abuse and neglect, and shall disseminate the procedures to all staff. The purpose is to identify and report as soon as possible to the proper authorities all evidence of child abuse or neglect. Staff shall receive training regarding reporting obligations during their initial orientation and every three years after initial employment.

Classified and certified staff are legally responsible for reporting all suspected cases of child abuse and neglect. A certificated or classified school employee who has knowledge or reasonable cause to believe that a student has been a victim of physical abuse or sexual misconduct by another school employee shall report such abuse or misconduct to the appropriate school administrator. The administrator shall report to the proper law enforcement agency if he or she has reasonable cause to believe that the misconduct or abuse has occurred as required under RCW 26.44.030. Under state law staff are free from liability for reporting instances of abuse or neglect and professional staff are criminally liable for failure to do so.

Staff need not verify that a child has in fact been abused or neglected. Any conditions or information that may reasonably be related to abuse or neglect should be reported. Legal authorities have the responsibility for investigating each case and taking such action as is appropriate under the circumstances.

I HAVE READ AND UNDERSTAND POLICY NO. 3421.
