

A Note from the Superintendent

March 13, 2020

This afternoon, Governor Inslee announced his Executive Order to close all schools from March 17 through April 24. This means the Brinnon School will be open and operating on a regular schedule on Monday, March 16th, and then closed thereafter.

We are working on plans to provide the following services:

- Childcare during school hours for families who serve in critical community roles such as healthcare providers and first responders.
- Childcare during school hours for parents who would otherwise be unable to go to work during this time.
- Meals for children – more information to come.
- Educational resources with supports for at-home learning.

We recognize this closure creates many challenges, and our goal is to provide basic services to continue supporting our families and our community. We will provide updated information over the next several days.

We will continue to use our school website and social media outlets to distribute information. We will be opening a Brinnon School District Facebook page as well.

Patricia Beathard - Superintendent
